

2006 Software Expo: Automating Your Audit Department

May 1, 2006
(All Day Seminar)

From risk management tools to data analysis, the entire spectrum of current audit software techniques will be discussed in this all-day event. Session benefits include:

- Learn about every type of audit software including:
 - Data Analysis / Mining
 - Risk Assessment / Control Documentation
 - Continuous Control Monitoring
 - Fraud Detection Tools
 - Audit Workpapers and Project Management
- See how audit software can add enormous benefits to your organization.
- Understand how software can support your SarbOx effort.
- Gain access to robust conference materials that contain a wealth of vendor survey information and other practical tools.
- Obtain 5 CPE credits.
- And it's all free (for IIA members) or very inexpensive (\$50 for nonmembers)!

Speakers

The software vendors attending the expo (twenty have registered) will provide educational seminars around the audit software market. To view the speeches from previous years, please see:
